high quality life 

4mm Toughened Glass

Easy to clean | No color change | No scratch

Product Advantages

1.Modular design, easy to install. Can be installed vertical or horizontal freely.

2.TOP quality fire resistant PC plastic base, safe and no fire

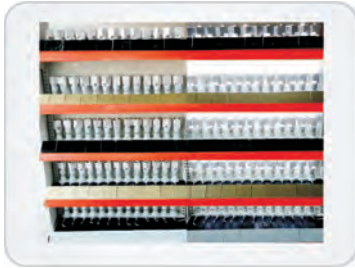

3.Touch switch with led blue back light.
When light off, blue back light.When light on , weak blue (visible in night).

If lamp not work, switch on sleep status, touch no react. So clever!

4.Our touch switch can recognize whether has load or not automatically. Switch will be closed(not work) if no load or load not workable. If touch the circle area, no reaction. In this way, the switch will be safe, save power and longer life

5.2way touch switch can choose to use as 1way or 2way. Each 2way switch can load lamps(other plant 2way only one master 2way switch can with lamps, other assistant 2way switch cannot connect to lamps). Switch on sleeping status if not work so that switch safer and with longer life.

Switch test (aging) device, can test 2000 pcs switches same time.

6. Each touch sensor switch passes three different quality tastings during production. Finished products aging minimum 24 hours to ensure each switch work well before deliver to customers.

Materials We Use

Toughened glass panel, no hurt even broken

pure copper wire screws

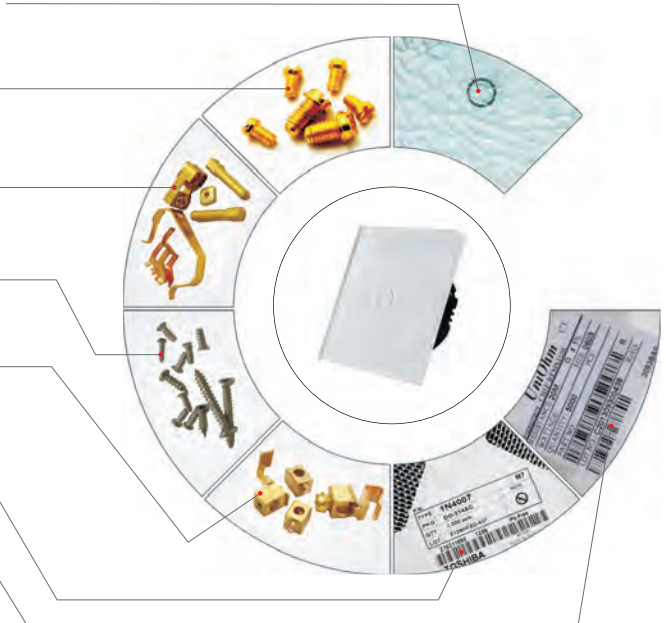

Phosphor copper parts for socket

304 stainless screws for installation

Phosphor copper parts for switch

Toshiba Diode

UniOhm Chip resistor for touch switch

WIFI Configuration

Easy to add on APP Support IOS & Android

Google Home

IFTTT

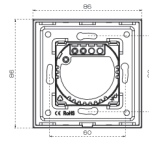

Amazon Alexa

Tuya smart

Material:4mm toughened glass panel
Voltage:110-250V AC,50-60hz
App:smart life(Tuya)
Wifi standard:wifi 2.4Ghz b/g/n
Wifi Frequency:IEEE802.11b/g/n
Working temp.: -20℃~70℃
Working Humidity: <95%
N&L means Neutral and live wires.
L means single live wire.
